REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Applicant's argument and amendments submitted 7/11/07 have been found to be persuasive. It is found that the claimed invention of the lug cap with the structure of the lug cap face being parallel to the slot wall and the lug cap face being separated from the slot wall by an air gap define over the prior art of record. None of the prior art teaches or suggests the air gap as claimed by the Applicant in order to transfer the torque to the rivets instead of the slot wall.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lan Nguyen whose telephone number is (571) 272-7121. The examiner can normally be reached on Monday through Friday, 7:30am to 4:00pm.
